ABOUT ME

Master's Year 2 student in Strategic Management and Information Systems (ENSM Koléa) with a Bachelor's degree in Computer Science, I have a dual skill set combining technical expertise (web, back-end and mobile development) with an understanding of business and strategic challenges. Curious and versatile, I want to contribute to the digital transformation of organizations and the performance of their information systems.

SKILLS

- Information systems and SAP ERP
- Strategic management
- IT audit
- Information systems governance
- Web and back-end development
- Mobile development
- UX/UI design and graphic design
- Data and artificial intelligence
- Introduction to cybersecurity (CTF)
- UML and BPMN modeling

Tools and technologies:

- JavaScript, HTML5, CSS3
- React.js, Next.js, Node.js, Express.js
- MongoDB, PostgresQL
- Git, GitHub, Docker
- AI and no-code tools
- SAP BTP and SAP ABAP (training in progress)
- Figma, Adobe Creative Suite, wireframing, branding
- Microsoft Office (advanced)
